VARIOUS ASSOCIATIONS Continuing Education Requirements
that this conference could be used for. Please check with your Associations

FP Canada Standards Council (FP Canada) - CFP Designation - Any CE credits earned from Pro-Seminars are considered "Verifiable" CE credits and can be used for a specific amount of the following CE categories of CE credits - Financial Planning, Practice Management, Professional Responsibility, Product Knowledge or Giving Back as per the definition of each. FPSC leaves it up to the CFP designee to determine what category these CE credits will fall into. Please check the FP Canada website for more information.

Advocis - Any CE credits earned from Pro-Seminars are considered "Approved" CE credits for Advocis. Send your certificate to them so that these CE credits are included for your Advocis CE requirements.

Chartered Professional Accountants (CPA) - CPAs require 20 Continuing Professional Development courses annually from January 1 to December 31.

At the current time, no Provincial CPA chapter approves CPD courses. The various Canadian CPA Associations leave it up to the CPA to determine what continuing education courses they take as long as that fall into the criteria of "Any learning and development that is relevant and appropriate to a member's work, professional responsibilities, and growth as a CPA."
