

### **Which Is A Better Scenario?**

1 – To be healthy but with no financial plan.

2 – To have a financial plan and be considered wealthy but with serious health concerns?

The answer is – None of the above.

The healthy and wealthy corner is a real place, and this is where we want all our clients to be. The plans we put in place help ensure they get there!

This presentation shows and provided concepts, tools, tips and processes to help you have effective discussions with your clients about the financial products they should consider when constructing a plan.
